London, Dec. 28.—The Mark Lans Express
says: Fractional business only was done in
English wheat. The board of agriculture reports the crop inferior in quantity and quality.
In many districts an abnormal proportion of
grain has been steed in fields. Foreign wheat
and flour sold slowly and generally at a decline. Barley, corn and oats declined, but the
sheence of Russian supplies has given them a
tendency to revive. At to-day's market prices
for the best English wheats were maintained.
